Before the charity took the work on, Goods traded through Nicholas Marchesi's sole-trader Xero file, so six of the seven grants are recorded there; the QBE Stage 1 grant is in the charity's own accounts. FRRR and the Vincent Fairfax Family Foundation made one joint grant, listed once. The Funding Network line is the cash banked. Bed sales are trade, not grants, and sit in attachment 07; the Centrecorp Foundation bought beds and is listed there as a buyer.
