

Grant-funded today; in-sourcing makes it viable

Annual operating result by scenario, before founder time. Buy-Kit at scale loses money; in-house production turns it positive.

THE CAPITAL CASE

The capital case = moving from Buy-Kit to in-house production.

Founder time AU\$84K/yr (or AU\$21–84K at 25–100% FTE) applies on top. After full founder time: Factory @500 → -AU\$14,570; Community @1,000 → +AU\$282,560.

Source: Goods financial model (2026-05), before founder time. Operating results and breakevens are modelled on verified BOM inputs (AU\$750 price); founder-rate and FTE inputs pending confirmation.
