

Goods on Country, the year so far

Goods on Country is a DGR1 charity led by 100% Indigenous Directors. We make the Stretch Bed from recycled plastic, with communities, and put the making and the selling in community hands. Every figure on these two pages is on a record today.

This is not an annual report. The charity is a Small charity and lodges an Annual Information Statement with the ACNC. Its first annual report, for FY26, follows the AGM in October 2026 with the audited statements.

The record

Beds in homes	540	across 11 communities, each recorded against a community and a date
		VERIFIED
Beds bought and paid for	320	four buyers, \$273,966 including GST, every one on a settled invoice
		VERIFIED
Washing machines paid for	9	Julalikari Council, Homeland School Company and Our Community Shed
		VERIFIED
Beds pressed at our own facility	40	assembled at Gamardi, Maningrida, by local young workers
		VERIFIED
Grants received	\$772,788	7 grants since 2023, each checked against the books
		VERIFIED

Who bought beds

BUYER	BEDS	WHAT HAPPENED
Centrecorp Foundation	167	Two orders for the Utopia homelands. Oonchiumpa held the build. 147 are in households and 20 are made and waiting.
ALIVE National Centre	100	Paid in full before one bed was made, for Gathering the Parts.
Homeland School Company, Maningrida	40	The first full run off our own press, assembled at Gamardi.
Mala'la Health Service, Maningrida	13	Bought the year before, so two organisations in one place hold Goods stock.

What changed this year

- June 2026. The board became Aboriginal-led: Kristy Bloomfield and Audrey Deemal, with Jeremy Donovan standing at the October AGM.
- August 2026. The ALIVE National Centre at the University of Melbourne paid for 100 beds in full before one was made.
- August 2026. The work moved into the charity, The Butterfly Movement Ltd, which trades as Goods on Country. Its change of name to Goods on Country Ltd is being lodged. Same ABN, same DGR endorsement.
- September 2026. The production log opened, so paid hours and plastic weights become measured numbers.

Grants received, in order of arrival

FUNDER	WHEN	WHAT IT BOUGHT
Snow Foundation	October 2023 to May 2026	Three years of the work itself: the visits, the bed from V1 to V4, the washing machine, and the on-Country plant. The split across those is indicative only.
AMP Foundation, Tomorrow Makers Spark	July to December 2024	A place in Tomorrow Makers Spark, AMP's early-stage program, at the point where Goods was still proving the product.
QIC	June 2025	Staff giving. Money raised by the people who work there.
Vincent Fairfax Family Foundation with FRRR, Backing the Future	July 2025	The Palm Island youth pilot: 25 beds, three community sessions, 30 young people. FRRR's youth program. Acquitted in March 2026.
QBE Foundation, Catalysing Impact Stage 1	2025 to 2026	Stage one of Catalysing Impact, the blended finance program run by the Social Impact Hub.
The Funding Network	November and December 2025	The on-Country production facility. Raised in one room at Healthy People Healthy Planet on 2 September 2025, with a Bupa match, which is why it arrived in two payments.
The John Villiers Trust	May 2026	Travel to Palm Island to film the work: flights through Townsville and accommodation.

Total received \$772,788, checked against the books on 16 September 2026. \$35,200 of the Snow Foundation line is a Drug Court invoice raised on the same ledger, not Goods.

In their words

“To see kids’ faces with joy after making a bed, it just really hits you.”
Karen Liddle, Alice Springs

“Yeah, I’ll be rocking up every day to make them.”
Mykel, Utopia

What we do not claim

- No health outcome. Scabies and rheumatic heart disease are why the bed is washable and off the ground; the claim stops there.
- Community ownership of the making is a pathway. It has not moved yet.
- Plastic per bed is a design figure of 20 kg until the production log weighs it.
- Nothing in the current raise is signed.
