"Two Cultures, One World, Working Together"

Good News Story from Oonchiumpa

A Curious Tractor, in partnership with **Oonchiumpa Consultancy & Services**, is proud to support our remote communities by building and delivering **Goods Beds** to community members in **Alparra** and **Ampilatwatja** who are less fortunate.

We are honoured to share that respected Elders **Frank and Casey Holmes** from **Antarrengeny** since contacted and have expressed they are very grateful. They told us that since receiving their new beds, they are no longer experiencing back pains. Their words remind us why this work matters.

We look forward to continuing this strong partnership and remain committed to improving comfort, dignity, and wellbeing across our remote communities.
